## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 27 is rejected under 35 U.S.C. 102(b) as being anticipated by Iwashima et al. [US 3,678,424].

Iwashima et al. discloses a switch [figure 13] having an electrically insulative base [11] of an elongated shape and comprising at least one switch part [46] including first and second reed pieces [47, 48] with the first and second reed pieces each being fixed and having a terminal part protruding from the base at one end thereof and a contact part at the other end thereof arranged such that the first contact end opposes the second contact end via a gap and a cover [49] provided on the base covering the first and second reed pieces wherein the switch is in a normally open state and responsive to a specific magnetic field.

### ***Allowable Subject Matter***

Claims 1-2, 8-10, 11, 13 and 16 are allowed.

### ***Response to Arguments***

Applicant's arguments with respect to claim 27 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
